THE TAP THAT DOES IT ALL

100°C BOILING, CHILLED AND SPARKLING WATER

Quooker®

Installation by a Quooker approved engineer for £99

Coinciding with the CUBE launch we are introducing a brand new promotion for our dealers. The £99 installation offer is only available to clients who are purchasing a Quooker when buying through a kitchen retailer.

Quooker offers hot, cold and 100 degrees boiling water from a single tap with a flexible pull out hose.

New optional upgrade for chilled and sparkling water that can be added to any Quooker tap.

Now with installation by a Quooker engineer for £99, usually worth over £384.*

Find your nearest dealer at quooker.co.uk/enuk/find-a-dealer

The tap that does it all offers all the familiar advantages of a Quooker. It delivers water at true 100 °C, saves time, water, energy and space and now also means you no longer need to buy plastic bottled water, an added bonus for the environment. Quooker owners can now enjoy a glass of refreshingly filtered chilled water or make delicious lemonades and cocktails with added sparkle.

* For a limited time only / connection to existing services only. Full terms and conditions at Quooker.co.uk.
