BRITISH DESIGN, BACKED BY GERMAN QUALITY

Driven by innovation, design and a passion for exceptional kitchen living, The 1810 Company has established itself as one of the UK's leading suppliers of premium kitchen sinks, taps and accessories. Renowned for pushing boundaries in both functionality and aesthetics by continually introducing distinctive, design-led solutions tailored to the needs of modern homes and contemporary kitchen spaces.

With an ever-growing portfolio spanning premium stainless steel, PVD, ceramic, fireclay and advanced composite materials, The 1810 Company offers a carefully curated collection that combines standout style with everyday practicality. From cutting-edge sink concepts and material innovations to high-quality taps and intelligently designed accessories, every product is developed with performance, durability and refined design in mind.

WHY CHOOSE THE 1810 COMPANY?

EXTENSIVE RANGE

Stainless steel, PVD, Ceramic, Fireclay and Composite sinks, with taps and accessories

EXPERT SUPPORT

Dedicated Sales team on the road and office-based available to support you

RELIABLE SERVICE

Next-day delivery direct to site across mainland UK and large stockholding capacity

EXCLUSIVITY

Sole UK supplier of SCHOCK composite sinks, taps and accessories

PRODUCT INTEGRITY

Innovative products manufactured to the highest standard to ensure quality

OUR STORY

2009

The 1810 company is founded, launching its first ranges of kitchen sinks and taps

2016

As the company continued to expand, 1810 moved to a new 25,000²ft premises in North Wales

2018

Launched the first AXIX sink at KBB Birmingham 2018 – a stunning seamless sink solution

2019

Became the first kitchen sink and tap supplier with a dedicated London-based showroom

2022

The 1810 Company is acquired by SCHOCK – inventors of the quartz composite sink

2024

1810 introduces the HEX sink range – an innovative, durable textured sink design

2026

Company continues to grow with several new product launches at KBB2026

Pictured: Zendo10 1100 Options sink with Spirale Spring tap in Chrome

USEFUL INFORMATION

BRACED BOWLS

All Zen, Luxso and Etro 1.5 and 2-bowl sinks are braced together to eliminate stress on the bridge between the bowls, providing extra strength

FINISHED EDGES

Undermount sink edges are finished even though they're not visible when installed - allows for inset installation if preferred

PREMIUM QUALITY STEEL

Quality of steel used meets the most exacting standards. For most of our sinks, we use 1.2mm-thick medical grade 304 quality stainless steel

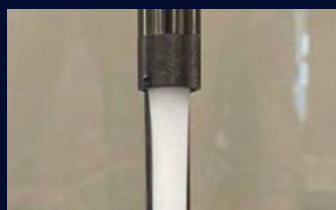

PVD SINKS

PVD stands for Physical Vapour Deposition - a process used to create a durable finish. Any scratches develop a patina over time

CERAMIC/FIRECLAY SINKS

Our Ceramic/Fireclay models are hygienic, non-porous, chemical resistant and heat resistant to 1,200°C.

NEOPERL AERATOR

All taps come with a Neoperl Aerator as standard, creating a non-splash, creamy flow of water

INSUSOUND®

Protective coating that helps retain water temperature and reduce noise from waste disposal units

WRAS APPROVAL

Most 1810 taps are WRAS approved, acknowledging our taps are manufactured to the highest standards

ICON GUIDE

Indicates use of 1.2mm-thick Stainless Steel in manufacturing

PVD-coated finish for a durable sink available in selected finishes

Insusound® protective powder coating on sink underside

All sinks by The 1810 Company are covered by a 75-year warranty*.

Taps covered by a 2-year warranty*, extendable to 5 with a Tap Particle Filter**

Indicates a tap part of the QFit Flex range, allowing faster installation

*Terms and conditions for warranties can be found at www.the1810company.co.uk/warranty-and-care

**2 or 5 year guarantee applies unless it is stated that a tap comes with 5-year warranty as standard

Sink + Tap pack discounts

Enjoy exclusive, discounted prices when you purchase a Sink and Tap pairing included in our Plus Pack offering. Any sinks listed in the PRAAG with a red or blue square in the top right-hand corner of the box are included in the offer. Take a look at the information below to find out how much you can save.

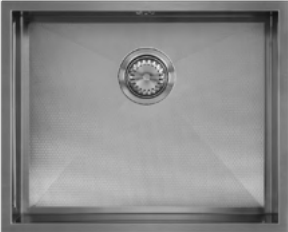

Purchase any sink marked with a colour and receive:

-  30% off any tap
-  45% off any tap

A guide to PRAAG listings

Below is an example to show how products are listed in our PRAAG. Information in the boxes includes product order codes, minimum cabinet size, internal bowl size and Retail price (inc.VAT).

AXIX HEX 500U SOS

 **Stainless Steel**
HAU/50/U/S/16MM/SOS/462
£571.00

 **Gunmetal**
HAU/50/U/GM/16MM/SOS/464
£834.00

Min. cabinet size
600mm

Bowl size (internal)
500 x 400 x 165mm

Products with multiple finishes: For products with more than one finish available, the minimum cabinet size and internal bowl dimensions are listed at the bottom of the product listing box.

Prices and order codes are listed next to the swatches to the right of the product image. For example, in the AXIX HEX example here, the listing shows two swatches – one for Stainless Steel and another for Gunmetal. The product order code and Retail price for each variation is listed next to the swatches.

The blue box in the top-left of the product listing box indicates the Plus Pack discount received on a tap when purchasing a tap with this sink (see top of page).

ETRODUO 535/191U

Min. cabinet size
900mm

Bowl size (internal)
535 x 406 x 203mm
191 x 406 x 133mm

SSP (inc.VAT)
£586.00

Big Bowl Left ED/5319/U/MS/BBL/103
Big Bowl Right ED/1953/U/MS/BBR/104

Products with one finish: For products with just one finish option – for example our stainless steel Etro sink (left), the product code is listed at the bottom of the box, while the minimum cabinet size, internal bowl dimensions and Retail price are listed to the right of the sink image.

If the bowl is available in two configurations (for example, a 1.5 bowl with the large bowl available on the left or right), then codes for both variations are listed near the bottom of the product listing box.

AXIX RANGE

AXIX represents the pinnacle of luxury sink design, created for truly bespoke kitchen interiors. Through an innovative fabrication process, the sink is seamlessly integrated into the worktop so that only the striking PVD sink base remains visible, delivering an exceptionally refined and architectural finish.

HEX

RANGE

Truly unique in both form and function, the HEX range introduces a bold geometric aesthetic unlike any traditional sink design. Crafted for exceptional durability, the innovative surface enhances scratch resistance while its distinctive geometry helps reduce water pooling for improved everyday performance.

ZEN I-F & ZEN15 I-F RANGE

The Zen I-F and Zen15 I-F ranges combine premium handmade stainless steel craftsmanship with versatile inset or flushmount installation options for a seamless contemporary finish. Manufactured from high-quality 1.2mm stainless steel, Zen I-F features sharp linear styling, while Zen15 I-F offers a softer 15mm internal radius for easier cleaning. Models with integrated drainers are produced using thicker 1.5mm steel for enhanced rigidity and durability, delivering both refined aesthetics and exceptional everyday performance.

QFIT FLEX PULL-OUT TAPS

Tap installation just got easier. The QFIT installation method is a fast, hassle-free tap fitting solution designed for modern kitchens. QFit allows top-down installation, removing the need to work beneath the sink. Supplied pre-assembled, it secures in place with a simple clamp mechanism, enabling quick, single-person installation in just minutes for a reliable, professional finish.

Featuring a self-contained retractable hose, these taps eliminate the need for cumbersome cabinet weights, keeping your cabinet clutter-free. Estrarre/Dutrarre models feature a versatile spray function for enhanced everyday usability, while all models benefit from smooth 360° swivel movement for complete flexibility.

CRISTALITE®-INSPIRED TAP COLLECTION

Inspired by SCHOCK's CRISTALITE® sink colours, this tap range is available in the popular Courbe and Cascata models, complementing the Nero, Alpina, Asphalt and Croma sinks by SCHOCK.

LOW PRESSURE TAPS COLLECTION

Designed specifically for homes with gravity-fed boilers or lower water pressure systems, our Low Pressure tap range combines reliable performance with timeless design. Available in two of our longstanding and most popular styles - Rodez and Curvato - these taps are engineered to operate from a minimum pressure of just 0.3 bar, compared to the standard 0.5 bar requirement. Offering an ideal solution for low-pressure environments without compromising on style, the range delivers smooth everyday functionality alongside elegant contemporary design.

CURVATO TRIO WATER FILTER

The Curvato Trio Filter Tap combines contemporary design with the convenience of fresh filtered drinking water directly from the kitchen tap. Using an activated carbon filtration system, each cartridge is capable of providing up to 1,000 litres of purified water, helping to reduce impurities such as chlorine and rust for a cleaner, fresher taste.

Cartridges are quick and easy to replace, with replacement recommended every 6 months. Turn to page 44 for cartridge replacements.

HENRY HOLT COLLECTION

Inspired by industrial design and crafted with a contemporary edge, the Henry Holt Collection brings bold character and individuality to the modern kitchen. Featuring four distinctive tap styles and a choice of seven finishes, the range has been designed to offer both statement aesthetics and everyday functionality. Each model can be personalised further with the signature red tap handle, included with every Henry Holt tap, allowing homeowners to add a subtle pop of colour and personality to their space. Combining striking design details with premium craftsmanship, the Henry Holt Collection delivers a confident, design-led look for contemporary kitchen interiors.
